

# FLIGHT DECLARATION

This declaration or an equivalent is always required if a Position Recorder (PR) is being used and may be used if a Flight Recorder (FR) is being used. The FlywithCE device provided for the HGC Junior is a PR and requires this declaration to be used.

The last declaration made before take-off is the only one valid for a given flight.

**Warning:** some IGC-approved FRs make turn-on time of the FR the declaration time. To avoid problems, turn on the FR before the OO (Official Observer) signs below.

**Flight date** .....

**Pilot** ..... Name (print)

**Glider** ..... Type & Registration

**FR/PR (main)** ..... Type & Serial no.

**FR/PR (backup if any)** ..... Type & Serial no.
